Attachments: Binder1.pdf; NOTE TO FILE.docx

Hayley and Don,

Attached is a pdf that contains a note to file and key email messages to document our actions (and planned actions) on the asbestos document issue. I've also attached a word version of the note to file for editing.

I think this captures the key actions. I didn't do a comprehensive capture of every email and step.

Please let me know if you think this is adequate for our note to file and if the planned actions are on target with what we discussed.

Thanks again.

Steve
